

2008 Junior ACT Test Prep Seminar Wheeling High School

Cost: \$125 for 20 hours of instruction and a practice test (Make checks payable to Wheeling High School)

The ACT Test Prep Seminar will focus on developing the ability to solve problems, draw conclusions, make inferences and think analytically. The seminar provides a comprehensive approach to help prepare students for the ACT and to enable them to apply and practice the strategic methods that improve results. Students will learn how the ACT is scored and develop test-taking strategies. Homework assignments will help develop skills and the practice test provides the opportunity to apply those skills and receive feedback from the teaching staff for continued improvement. This seminar is not an individualized subject matter tutorial class. It is a review of the content that students should have been exposed to in their normal high school classes.
